

Technical / Training / Support Rep for North America

About us

The EasyCopy Company is an international software company. We deliver **quality systems for managing graphics workflow across platforms** for **Geoscience** users in the **Oil & Gas** industry and for **Engineering** and **CAD/CAM** users. We have installations in some of the largest companies in the world.

The product – EasyCopy - is a cross-platform (Unix, Linux and Windows) solution, that enables IT-users to work with advanced graphics files. EasyCopy supports these files for saving, optimizing, converting, plotting, printing, annotating, montaging and more. And, the product – EasyPlot - is a comprehensive plot management system that has been gaining a large number of users.

About the job

A good day at the office is when you haven't been in! You are visiting and assisting customers in setting up, maintaining and designing their print/plot infrastructure. You do support and training to help our customers get the most value from their EasyCopy applications and you are eager to expand their EasyCopy application portfolio.

The customers will mainly be existing customers and we have plenty in the Houston area – you will sell your own services! EasyCopy have a huge customer base in Houston, Detroit , Seattle and Calgary and they will be your key to success for reaching your targets.

Your goal — Make sure new and existing customers have the right licenses, support them with first line support, assist in basic installation & usage, and set-up EasyCopy and EasyPlot. Some administrative work will also be necessary.

About the applicant

Whether you are a senior consultant who wants to expand your business with EasyCopy or fresh from university, you are expected to have a lot of energy and self-motivation. You will be working alone, with a professional team in Europe covering your back with regards to second line support, marketing, financial service and product development.

You must be:

- able to contact customers and sell your technical services
- service minded, as many of our customers are used to the best and expect nothing less!
- willing to travel in US
- wanting to create a success!

Salary

Anticipate a result oriented salary.
